PROFESSIONAL OVERVIEW

Creative and strategic Brand Manager who enjoys building engaging digital experiences and helping brands find their voice online. Experienced in creating content that connects with audiences, planning and managing social media calendars, and building genuine engagement. I like to balance creativity with data, using insights to shape campaigns that not only look good but also deliver real results.

WORK EXPERIENCE

Brand Manager

Qrious Curators (March 2025 – present)

Handled the following roles and responsibilities, with a strong focus on brand building, creativity, and team collaboration:

- Planned and executed monthly content calendars and brand grids, creating trend-driven content aligned with brand identity.
- Led and managed a team of designers, editors, and interns, ensuring smooth workflow and timely delivery of creatives.
- Collaborated with clients on content strategy, shoot planning (moodboards & execution), while leveraging basic SEO and Canva to improve overall performance.

Digital Marketing Intern

HashTAGit Private Limited (May 2024 – November 2024)

- Led end-to-end digital marketing campaigns, managing social media, content creation, and advertisement strategies within budget.
- Prepared monthly performance reports and coordinated with clients on campaign planning and execution.
- Created and edited video content for social media, boosting engagement and reach.

ACADEMIC PROJECTS

Dabur Field Project (Dabur Modern Trade Sales Intern - 2024)

- Promoted targeted product categories at selected retail store.
- Assessed Share of Shelf (SOS) to analyze in-store product visibility.
- Interacted with retailers to gather insights on product placement and availability.

Startup Project – “B-देसी” (Entrepreneurship Simulation – 2023)

- Conceptualized and developed a business model inspired by Indian culture and values.
- Designed marketing, HR, and financial strategies aligned with startup goals.
- Conducted research and analysis to define customer segments and market positioning.
- Applied IT & MIS tools for operations and management planning.
- Integrated Bhartiya culture and ethos into brand identity and strategy.
